

## PADI Bubblemaker

**Kids 8-9 years old can go diving too!** Padi's Bubblemaker programme is an ideal way for your kids to join in the fun and adventure of scuba diving - at all times under the immediate and close supervision of a PADI Instructor. At the end of the programme, your child receives a certificate of recognition (see photo above!) they can show their friends and proudly display. **Important note: A parent or guardian must be available pool side, beach side or boat side!**

**POOL FUN - 1,500 THB** - 2 hours of fun, games, excitement and laughter in full scuba equipment in the swimming pool with your Padi Instructor. The session includes skill practice sessions if the child feels comfortable - if not - we just make lots of bubbles!

**Option A** - Pool sessions are conducted from 14:00-16:00 every Monday, Wednesday and Friday at the Kamala Bay Terrace Resort. Advance bookings are essential. Please note the cost does not include transport to the hotel but it can be arranged for you.

**BEACH BUBBLES - 2,000 THB** - Wow! Just like the big kids, go diving with the fish on the reef at Kamala but we won't go any deeper than 2 meters. The session includes skill practice if the child is up to it - if not - we just make lots of bubbles and look at fish and play games!
