

PADI Discover Scuba Diving

No license necessary - 1/2 or 1 day programme taking just three easy steps. First, your PADI Instructor will provide a brief orientation, then take you on your first underwater adventure in a swimming pool or other pool-like body of water. There, you'll learn to use scuba equipment and get accustomed to your new surroundings. Finally, under your instructor's careful supervision, you'll go on an actual scuba dive and get a closeup look at the underwater world. If you choose the boat option, in the afternoon you will make a second fun dive !

Following your adventure, you receive a certificate allowing you to dive for up to 2 weeks with a PADI Divemaster or Instructor as a buddy, to a maximum depth of 12m. This course can be credited towards the PADI Scuba Diver Course (duration two days) or PADI Open Water Course (duration 4 days).

There are 2 fun options available - a morning's adventure with 1 dive off the Beach at Kamala or a whole day's adventure with 2 dives from the boat at beautiful Racha Yai island. Family and friends can join for great snorkelling if they want ! **Ask about Option B at THB 3,700** if you only have a 1/2 day available and would like to go out on a longtail boat to Koh Waeo

Beach Option A*: 09:30-10:30 Guests arrive at Scuba Quest for Welcome and discussion with Instructor
